

# Car Accident Checklist

appalanche.ai  
Keep in your glovebox

After a crash you're shaken and evidence disappears fast. Work top to bottom — capture what you can at the scene, before vehicles are towed and the scene clears.

## AT THE SCENE

- Get to safety, hazards on, **check everyone for injuries**
- Call 911** — get a police report
- Photos: **all vehicles + damage** (wide + close-up)
- Photos: **plates**, other driver's **license + insurance card**
- Photos: road signs, skid marks, debris, weather/lighting
- Photos: **your injuries**
- Exchange info: name, phone, **license #**, plate #, **insurer + policy #**
- Witnesses**: names + phone numbers (before they leave)
- Note **nearby cameras** — footage erased in 24–72 hrs
- Officer **name + badge & report number**

## AFTERWARD

- See a doctor** — even if you feel fine
- Notify your insurer** + provide your documentation
- Check **diminished value** — your car is worth less now
- Keep **all records together** in one place

**Skip the clipboard.** IncidentApp walks you through this at the scene — tamper-proof, time-stamped photos + your claim and demand letter. Free.
